

**WAMC-Fort Bragg Formulary
Changes (Effective 29 June 2017)****Formulary Additions:**

- Rabeprazole 20mg tabs (Aciphex)

Additions For Inpatient/Clinic Use Only:

- Akten 3.5% Ophthalmic Gel (Lidocaine)

Formulary Deletions:

- Esomeprazole capsules 20mg, 40mg
- Esomeprazole granules 2.5mg, 5mg, 10mg, 20mg

Answers to Common Formulary and Prescription Questions

- 1) To help ensure that providers prescribe drugs on the WAMC-Fort Bragg Formulary whenever possible, patients should bring a copy of the WAMC-Fort Bragg Formulary to each appointment or use the WAMC Pharmacy formulary link at: <http://www.wamc.amedd.army.mil>
- 2) If it is necessary for an off-post provider to prescribe a drug that is not on the WAMC-Fort Bragg Formulary list the medication can most likely be obtained from a local Tricare Network Retail Pharmacy or the Tricare Home Delivery (Mail Order) Pharmacy using the Tricare Prescription Benefit and a usual co-pay cost of \$0, \$20, or \$49.
- 3) It is possible to check the prescription co-pay cost before visiting a retail pharmacy by typing the drug name in the Tricare Formulary Website search tool: <https://www.express-scripts.com/static/formulary/Search/2.0.2#/formularySearch/drugSearch>
- 4) If a Tricare Network Retail Pharmacy prescription co-pay cost is more than \$24 for a brand name drug (or \$10 for a generic drug), it is likely that:
 - a) the drug is restricted (and requires completion of a Tricare Prior Authorization or Medical Necessity form – see website above) -OR-
 - b) the drug is not covered by the Tricare Prescription Benefit -OR-
 - c) the patient has another Health Insurance Plan that is required to be used first or billed first before Tricare -OR-
 - d) the pharmacy is not a Tricare Retail Network Pharmacy
- 5) You can obtain more information about your Tricare Prescription Benefit and/or possible prescription reimbursement claim options at <http://www.tricare.mil/pharmacy>
- 6) It is necessary to provide the military ID card of the patient (if 10 or over), or a current copy of the ID card, when obtaining a prescription at any military pharmacy or Tricare Retail Network Pharmacy. Military ID cards may be copied to facilitate care. See website for details: <https://www.hnfs.net>, FAQs, Enrollment and Eligibility
- 7) Information about the Tricare Home Delivery (Mail Order) Program is available at <https://www.express-scripts.com/TRICARE/homedelivery/>

For more formulary information, please see updates on website <http://www.wamc.amedd.army.mil> or call WAMC Pharmacy at 910-907-7427
Additional information is available about non-formulary drugs and Tricare Prior Authorizations at <https://www.express-scripts.com/TRICARE/index.shtml>

The Official “Do Not Use Abbreviations List” for Prescribers

Abbreviation	Potential Problem(s)	Preferred Term(s)
IU (for international units)	Mistaken as IV (intravenous) or 10 (ten)	Write ‘international units’ or only ‘units’
MS, MSO ₄ , MgSO ₄	Mistaken for each other; can mean morphine sulfate or magnesium sulfate	Write ‘morphine sulfate’ or ‘magnesium sulfate’
Q.D., QD, q.d., qd (for once daily),	Mistaken for each other; the periods or O can be mistaken for an ‘i’	Write ‘daily’
Q.O.D., QOD, q.o.d., qod (for once every other day)	Mistaken for each other; the periods or O can be mistaken for an ‘i’	Write ‘every other day’
U, u (for unit)	Mistaken for zero, four, or cc	Write ‘unit’
Trailing zero (x.0 mg)	Decimal point is missed	Avoid writing a zero by itself after a decimal point
Lack of a leading zero (.x mg)	Decimal point is missed	Always use a zero before a decimal point (0.x mg)

It is unacceptable for prescribers to use any of the above abbreviations when writing or typing prescriptions.

Ambiguous orders with these abbreviations will require clarification or verification with the prescriber.

The following is a list of the items that are routinely stocked at all or some of the WAMC-Fort Bragg Pharmacies. Most prescriptions for maintenance medications (except controlled substances) can be written for 90 days with 3 refills, but that does not apply to all medications. The list is intended for use by health care providers. Items are listed primarily by generic name, unless in combination form. Use of particular brand names does not indicate endorsement of a particular product or that the particular brand name is stocked. The list is not exhaustive and is subject to change. For more formulary information, please call the WAMC Department of Pharmacy at 910-907-7427 or see the online formulary at: <http://www.wamc.amedd.army.mil>
